

UNIVERSIDAD
DE GRANADA

DEPARTAMENTO DE
QUÍMICA ORGÁNICA

Postdoctoral Position in Organic Synthesis – Universidad de Granada

A postdoctoral position is available in the Department of Organic Chemistry in the group of Dr. Juan M. Cuerva Carvajal and Dr. Alba Millán at University of Granada.
<http://qomem.ugr.es/>

Research Topic: "Unimolecular conductivity in BN-doped PAHs as models of BN-graphene"
Proyectos I+D+i del Programa Operativo FEDER 2018

Conditions

The position is offered for a fixed term of 12 months, starting on September 1st, 2020.
(Gross salary: 25,000 - 30,000 eur/year)

Requirements

Applicants must have a PhD (or equivalent) in Chemistry. A strong synthetic background is required. Experience on working with highly air sensitive compounds and in the measurement and analysis of opto-electronic and paramagnetic properties will be considered. Experience on working with highly air sensitive compound will be considered. The selected candidate is expected to conduct research and guide the work of PhD students. We seek outstanding candidates with initiative and team-working abilities. Publications record will be considered. Good written and spoken English skills are mandatory.

Applications

Applicants must send an e-mail to amillan@ugr.es indicating POSTDOCTORAL POSITION as subject including:

- A cover letter highlighting their interest in the position.
- Brief CV (maximum 3 pages, including list of publications and concise research summary)
- The name and e-mail address of two Professors or Researchers that could be contacted to provide references of the candidate.
- Personal interview might be required.

Applications can be submitted either in English or Spanish

Deadline

20th June 2020 (applications will be considered upon arrival).
