The Organic Molecular Materials Group Seeks for UNA4CAREER postdoctoral Candidates to Sponsor

The Organic Molecular Materials group wants to support excellent researchers in their applications to the first call for UNA4CAREER postdoctoral researchers at UCM (<https://bouc.ucm.es/pdf/3664.pdf>).

The objective of this call, of competitive character, is the incorporation of 20 post-doctoral researchers in the research groups of the UCM qualified as “excellent” for the development of 36-month research projects. All applicants must be doctors on the closing date of the call and not have resided or carried out her/his main activity (work, studies, etc.) in Spain for more than 16 months in the 3 years immediately before the call deadline (13 Sep. 2020). For more information please check the website of the program UNA4CAREER: <https://www.una4career.eu/>

The main research lines at the Organic Molecular Materials are focused on Carbon Nanostructures as materials for the preparation of photo- bio- and electroactive Functional Organic Molecular Systems. If you have a strong background and are interested in carrying out your project within the research lines of our group (<http://www.nazariomartingroup.com/>) please contact us.

Head of the group: nazmar@ucm.es

Group manager: anaferru@ucm.es
